I have been a solicitor in private practice since 2005. The major cases I handle involve civil litigation, in particular employees' compensation claims, personal injuries claim, running down cases and public liability cases. As a practitioner in personal injuries claims, I have experience acting for both claimants and defendants during my practice. In the past decade, I have had the opportunity to handle cases of different levels of injuries, from minor sprain injuries to serious paraplegic cases.	← Career Details – give year, position held and organization
