- 5. In considering the merits of any application the Trustees will give consideration to the following matters but may, within their discretion, consider any other factors which they believe to be appropriate:**
 - i) the proposed project (" the project ") the subject of the application must be within the objects of the Trust;**

A grant of money from the Fund may only be used for the purposes of the project in respect of which the grant was made and no element of personal remuneration or monetary gain to the applicant will be permitted either directly or indirectly. A successful applicant will be required to provide the Trustees with a detailed account of expenditure at the completion of a project or at any stage during the project in respect of which a grant has been, or will be, made. The Trustees will monitor each project and may impose terms relating to the progress and conduct of the project.

 10. Should a project remain uncompleted beyond a specified date for completion or within a reasonable time or if it has, in the opinion of the Trustees, been abandoned before completion, the Trustees may require the grantee of the monies from the Fund forthwith to repay any balance to the Fund and in such circumstances, if payment was to have been made in stages, to cease any further payments.
 11. The Trustees may impose any terms or conditions which they consider appropriate in the particular circumstances for the prudent management of the Fund.
